Carrier, SIP, and PSTN

Three ways the pages talk about voice entry
PSTN, on the connectivity page, is phone traffic routed by DID or toll-free number.
A SIP trunk is a virtual connection between a PBX and a carrier, over a phone line, VoIP, or a dedicated path
The agent leg is separate: Integrated Softphone or the installed Softphone.
Toll-free ownership
If CXone is the RespOrg, you order more toll-free numbers through CXone. The IP address page says you must all
Voice PoP, in the glossary this campus uses, is the carrier s physical gateway. The exact PoP for a tenant is
Unverified
A matrix of BYOC vendors, codec defaults, and OPTIONS timers is not in the cited passages. Leave those cells b
