Flashcards

Point of contact The entry a contact uses, such as a phone number or email address. One skill and one script
ACD skill The object that automates delivery to agents based on skills, abilities, and knowledge.
Media type The kind of channel a script is created for: phone, chat, email, and so on.
Default skill The skill on the POC. The script starts there and may replace it.
Contact The person talking to an agent, IVR, or bot.
Interaction The full conversation on a channel.
Digital skill An ACD skill whose media type is Digital.
Routing queue The older digital inbound object. Do not create new ones. Still used for outbound digital.
Tenant Top grouping for support, billing, and global settings.
Campaign The container you pick when you create a skill.
tenantId Claim you send to /.well-known/cxone-configuration.
api-{area}.{domain} Pattern for the API base URL. Example area: na1.
