Migration checklist

Pick the move

Workforce data from Cisco UCCE or Avaya CMS is a WFM connector. The UCCE connector page and the Multi-ACD vers

Live third-party phones recorded into CXone are Multi-ACD. Historical files are Migrated Calls and need the Mi

Replacing the ACD itself is not a procedure in these pages. Mark that line ask the account team instead of i

What you can schedule from the cited pages

Confirm the connector version on the connector s own page. Do not copy the Multi-ACD table onto WFM.

For Migrated Calls, export, merge, and import. Every user needs an email. Screen recordings and digital intera

Vendors named for migrated history include NiCE Engage, CXone, Playback Portal, Uptivity, Verint, Genesys, Cal

Engage NMF converts to MP4 on playback. Teams are uploaded, not synchronized.

Cutover card

Write the current ACD, the thing that must keep working tomorrow, and which of the three moves you are actuall

Book the change against the release calendar only after you re-read the current cycle page. Targeted dates mov

Leave a blank row called PBX cutover steps. If a design review fills it with steps that have no URL, delete
